

JUNIOR TENNIS

EARLY DEVELOPMENT PROGRAM

The Early Development Program (EDP) is offered for Pee-Wee, Basic Beginner, and Advanced Beginner. The eight-week session will cover March and April and the four-week session will be in May. The EDP class is essential for the development of a tennis player and the program is designed to teach the fundamentals of the game, technique, and realistic tactics to young tennis players. At Summit Chase, we primarily use low compression balls, smaller courts, and shorter rackets, transitioning to yellow balls, full size court and bigger rackets as the player progresses.
